

# Improving Residential Construction

The B.C. government provides up-to-date information to support the residential construction industry in British Columbia. Check out the Research and Education section of the Homeowner Protection Office (HPO) website for:

- Best practice guides
- Current research on energy efficiency and durability of residential buildings
- Building Smart province-wide seminars
- *Builder Insight* bulletins on emerging technical issues
- Education and training resources
- Subscribing to online publications and events
