Over the past year the North Island Zone has been temporarily directed by Kevin Peters. There have been two zone meetings where current building code changes have been discussed (fire department response times and 9.36 Energy Code Requirements) to determine consistency and understanding of the changes.

At the last meeting Lane Killick was nominated for the position of Zone Director and he has accepted the position.

Attendance was 10 and 12 members.

The goal for the upcoming year will be to encourage higher attendance by inviting professional engineers, manufacturers and trade professionals to discuss products, procedures and technical information.

Sincerely

Lane Killick
