

BUILD YOUR CAREER

WITH THE CITY OF PRINCE GEORGE

WATER SYSTEMS TECHNICIAN REGULAR FULL-TIME Utilities / Engineering & Public Works Department

Are you a technical expert in the field of municipal water/wastewater systems and enjoy solving problems with innovative solutions?

Then this position requiring independent judgement and action is for you! The Water Systems Technician will assist with the administration, planning, updating, maintenance, and enforcement of the City of Prince George's Water Meter & Cross-Connection Control Programs. This will be done by providing project support, technical expertise, and quality customer service to help educate customers and staff on the benefits of the programs, while performing daily operations associated with them.

The ideal candidate will have high school graduation, along with a two-year post-secondary diploma from a publicly-accredited post-secondary institution recognized in the BC Transfer Guide. You will also possess a minimum of three years' experience directly related to water supply, metering and cross connection control including troubleshooting consumption and cross-connection issues, project coordination and planning activities. Considerable experience with database applications and other software related to the work is required. A Cross Connection Tester Certification is considered an asset and Cross Connection Control Inspector Certification will be required within six (6) months of hire.

A valid Class 5 BC driver's license (or out of province equivalent) is also required. As a condition of employment, the incumbent must be able to obtain and maintain a clear RCMP Police Information check for offenses related to the position.

This **regular full-time** position offers a starting wage of **\$32.07** per hour plus an excellent pension and benefits package.

Please submit your resume **along with a recent driver's abstract** by **February 9, 2018** to:
