

Building and Plumbing Inspector

Regional District of Central Okanagan

Do you have your Level 1 Building Certification and a passion for environmental and building sustainability? If so, we want you on our Community Services team as a full time Building and Plumbing Inspector!

Reporting to the Director of Community Services, you will:

- Encourage the adoption of sustainable building standards to improve the quality of life and protect the environment in the Central Okanagan.
- Review and respond to building code and related bylaw inquiries with the public, building applicants, trades people and registered professionals.
- Review building permit applications for compliance with legislation and codes.
- Issue permits, carry out inspections, communicate deficiencies and enforce compliance in accordance with codes and bylaws.
- Create and maintain accurate records of inspection decisions.
- Ensure business operations comply with business licensing, relevant zoning and building bylaws.
- Provide functional direction to summer students and relief employees.

To be successful in this role, you will have your level 1 Building Certification under BOABC and two years of knowledge and experience in building or plumbing inspection, building codes, sustainable building standards and local government regulations, policies, procedures and bylaws. You will have the ability to read construction drawings, interpret technical data and communicate effectively in both verbal and written formats. The ability to work independently in the field, exercise good judgement when making decisions and deal tactfully and effectively with the public is critical for the success of this role. The ideal candidate will have a passion for environmental and building sustainability to support our Sustainable Communities Strategic Priority which aims to improve the quality of life and protect the environment in the central Okanagan.
