

ARCHITECTURAL AND BUILDING TECHNOLOGIST

GHL Consultants, a part of J.S. Held (GHL), is a Vancouver based consulting firm specializing in Fire Engineering and Building Code consulting. We are a passionate team of skilled professional engineers, architects, technologists, and creative thinkers bringing innovative solutions to building projects.

Description

We are seeking a skilled and enthusiastic individual to work alongside our team of professionals. GHL offers the opportunity to grow professionally and work on exciting building projects across Canada.

What GHL Offers

- A positive work environment that recognizes the importance of career development.
- Opportunities for career advancement and role development.
- A competitive compensation and benefits package including profit sharing.
- Continuing education and training opportunities.
- Flexible work arrangements (i.e. working remotely).

Responsibilities

- Building Code review of drawings, shop drawings, etc.
- Preparation of Code compliance drawings, reports, letters, alternative solutions, etc.
- Conduct site reviews and prepare field review reports.
- Attend meetings, presentations, occupancy demonstrations, etc.

Skills and Qualifications

- A graduated Technician or Technologist with educational focus in Architectural and Building Technologies (experience in Civil, Mechanical and Structural disciplines is an asset).
- Experience using Bluebeam, Adobe, AutoCAD LT, Sketchup, Excel, Word, etc.
- Knowledge of Parts 3 and/or 9 of the Building Code.
- Ability to communicate effectively (both verbally and in writing).
- Ability to read and interpret building design drawings (drafting skills are an asset).
- Team oriented and able to work individually.
- Valid BC Driver's License.

GHL offers a competitive salary and benefits package. Commensurate with experience, salary range of \$75,000.00 - \$80,000.00 per annum plus benefits and eligibility to participate in profit sharing.
